Nathan Irvin Huggins : Black Odyssey: The African-American Ordeal in Slavery before purchasing it in order to gauge whether or not it would be worth my time, and all praised Black Odyssey: The African-American Ordeal in Slavery:

0 of 0 people found the following review helpful. Great Historical Read of African American Heritage-BehaviorBy CustomerIdentifies some of today's behaviors within the African American communities and why. Amplifies there has always been a lack of unity within the community possibly due to brainwashing that promoted dependency, celebrated

undeserved loyalty, fear of retaliation all enhanced by unwarranted low self-esteem. 0 of 0 people found the following review helpful. Five Stars
By Taniesha Sanders Perfect condition 0 of 0 people found the following review helpful. good book
By ms. beethis book is helping me learn alot in my racism in america class. it gives details that they dont teach you in high school history classes

This classic work of scholarship and empathy tells the story of the self-creation of the African-American people. It assesses the full impact of the Middle Passage -- "the most traumatizing mass human migration in modern history" -- and of North American slavery both on the enslaved and on those who enslaved them. It explores the ways in which a nominally free society perverted its own freedoms and denied the fact that an inhuman institution lies at the heart of the American experience. The authority and eloquence of this work make it essential reading for all who want to understand the American past and present.

"Nowhere are the psychological dynamics of this ordeal and triumph more clearly, gracefully, or economically set forth." -- Willie Lee Rose, *The New York Times Book Review*
"Black Odyssey is a masterful work, at once poetic and instructive. His is an enduring contribution to the study of American history. This book deserves the widest readership." -- Herbert G. Gutman
"A thoughtful and thought-provoking book...written with feeling." -- Oscar Handlin
"The classic on the subject for a long time to come....The general reader, for whom the work is written, will simply be enthralled." -- *The New Yorker*
From the Inside Flap
This classic work of scholarship and empathy tells the story of the self-creation of the African-American people. It assesses the full impact of the Middle Passage -- "the most traumatizing mass human migration in modern history" -- and of North American slavery both on the enslaved and on those who enslaved them. It explores the ways in which a nominally free society perverted its own freedoms and denied the fact that an inhuman institution lies at the heart of the American experience. The authority and eloquence of this work make it essential reading for all who want to understand the American past and present.
