Great work, should be a standard for schools to teach the facts about colonial times.By Rick OThis was a great, concise description of the REAL American Colonial History. Interesting to learn the American Indians were not savages as often depicted, but very sophisticated, with trade routes, cities, etc.

The many different countries vying for the new world land had so many conflicts... amazing the country pulled together with so many different backgrounds. Makes one wonder why we can't continue accepting new immigrants and keeping the melting pot going. The book is a great work. I could see this being a quick Primer for schools to use, giving the facts about those historical times. 0 of 0 people found the following review helpful. Good stories, but...By Mark Sutter Even though this book is quite short the stories are informative and entertaining. However, the book needs some serious attention by an editor. There were dozens of spelling and grammatical errors that could have been corrected by paying a college English major a few hundred dollars. In almost every case, I found the need to go back over what I had just read to make sure I understood what the author was really trying to say. 0 of 0 people found the following review helpful. If you love American history, this is a must-see! By Ddoll Dr. Owens really researched history and has written a remarkable book!

This work is written for non-Historians, and is a handy easy-to-read condensed look at Early American History. It is composed of short chapters each of which is designed to be a stand-alone treatment of a segment of time. It is my hope that this book will help fill the void that is exposed by the general lack of historical perspective which I believe is a major contributor to America's current lack of self-awareness of and appreciation for the uniqueness which is the United States. Dr. Robert Owens is a College Professor/Administrator and the author of a widely published weekly opinion column, The History of the Future, which can be viewed at DrRobertOwens.com. He is also a retired house painter, a retired pastor, a musician and a composer. He holds an Associate Degree in Biblical Studies, Bachelor Degrees in History and Religious Education, a Master's Degree in Religious Education, a Master's Degree in History, and a Ph.D. in Organizational Leadership. Dr. Owens teaches History, Political Science, Religion and Leadership. His books include: The Constitution Failed, The Azusa Street Revival, America Won the Vietnam War! and NEVER FORGET!
