Abigail L. Swingen : Competing Visions of Empire: Labor, Slavery, and the Origins of the British Atlantic Empire before purchasing it in order to gage whether or not it would be worth my time, and all praised *Competing Visions of Empire: Labor, Slavery, and the Origins of the British Atlantic Empire*:

1 of 1 people found the following review helpful. Superb ScholarshipBy CustomerAbigail Swingen's book is essential

reading for students of early modern history and literature. It is a penetrating and engaging study of slavery and the rise of the British empire. The section on Cromwell's imperialism is particularly interesting.

Abigail L. Swingens insightful study provides a new framework for understanding the origins of the British empire while exploring how Englands original imperial designs influenced contemporary English politics and debates about labor, economy, and overseas trade. Focusing on the ideological connections between the growth of unfree labor in the English colonies particularly the use of enslaved Africans and the development of British imperialism during the early modern period, the author examines the overlapping and often competing agendas of planters, merchants, privateers, colonial officials, and imperial authorities in the seventeenth and eighteenth centuries.

A fascinating exploration of the connections between economics, domestic politics, international relations, slavery and empire. *The Mariners Mirror*
