From University of the West Indies Press : **Contrary Voices: Representations of West Indian Slavery, 1657-1834** before purchasing it in order to gage whether or not it would be worth my time, and all praised Contrary Voices: Representations of West Indian Slavery, 1657-1834:

Highlights variations in representations of West Indian slavery by drawing on a range of testimonies, especially those of the enslaved themselves. This work focuses on representations based principally on first-hand experience or observation of slavery in the then British West Indies.
