Steve Ray : Crossing the Tiber: Evangelical Protestants Discover the Historical Church before purchasing it in order to gauge whether or not it would be worth my time, and all praised Crossing the Tiber: Evangelical Protestants Discover the Historical Church:

0 of 0 people found the following review helpful. I wanted this book to suck but it was great and well-writtenBy Elias CalistoI really wanted this book to be terrible. I thought it was going to be completely biased towards Catholicism by displaying Protestantism in a negative light. What I found in this book instead was a very well-written, well-sourced (though I have some complains of the author's heavy quotations of Eusebius), and honest testimony for why Steve Ray became a Catholic.I currently find myself walking a similar path in my search for truth and have been glad to come across people like Steve Ray and Scott Hahn. Steve Ray is honest and passionate about what he writes and his writing style is both scholarly and easy to read.I wanted to be able to argue against many of the things he said and found myself agreeing with more things than not.I'm still learning and can't say I will become a Catholic today or tomorrow but this has helped me significantly on my journey.Thank you Steve and all honest Christians who have made an honest inquiry into their beliefs to arrive where they did and took the time to share their journey with us.2 of 2 people found the following review helpful. A Protestant discovers TruthBy Orysia Bilyk EarhartThis is an excellent book for understanding how the Catholic Church has been misunderstood by the Protestants. It should be required reading for all who have wondered why the Catholic Church has stood for 2000 years and, with the guidance of the Holy Spirit, will continue to exist until the end of time.0 of 0 people found the following review helpful. Very good bookBy RosemaryListened to author at our Church and ordered the book to learn more. It is very well written and easy to read.

An exhilarating conversion story of a devout Baptist who relates how he overcame his hostility to the Catholic Church by a combination of serious Bible study and vast research of the writings of the early Church Fathers. In addition to a moving account of their conversion that caused Ray and his wife to "cross the Tiber" to Rome, he offers an in-depth treatment of Baptism and the Eucharist in Scripture and the ancient Church. Thoroughly documented with hundreds of footnotes, this contains perhaps the most complete compilation of biblical and patristic quotations and commentary available on Baptism and the Eucharist, as well as a detailed analysis of Sola Scriptura and Tradition.
