It's important to keep a copy of the constitution close at hand when following our president's edicts. It is a document we are all familiar with, and need to use as a reference now more than ever.. It's important to go to the source. As I said, the large print is great for my ability to read it with ease.0 of 0 people found the following review helpful. IncompleteBy CustomerThe title states there are several documents but there is only one, the declaration of independence. None of the other documents, "constitution of the US" etc. Aare present.
