**Simon Brown : Discover the Truth about HELL/HADES** before purchasing it in order to gage whether or not it would be worth my time, and all praised Discover the Truth about HELL/HADES:

0 of 0 people found the following review helpful. and this has to be my favourite one so farBy Mike ShawI have been studying the concept of Hell for roughly 35 years, and I think I own almost every book on the subject, written in English, and this has to be my favourite one so far. Brown sees the truth, which seems to escape the so-called experts, and professors. It is very apparent to me, that Brown approaches his research with a unique desire to actually know the truth and to know what is really being said in the scriptures, be they canonical or otherwise; this seems to be

something the so-called experts and professors fail to do when they write on this subject. In my opinion, too many professors or clergy are afraid to be honest, for fear they are ridiculed, by their peers, for not following long held traditional views or for not adhering to the denominational doctrines. Free from the shackles of institutions that stifle the quest for truth, Brown lets his innate sincere desire to know the truth, guide him; in this case, with his book, Discover the Truth about Hell/Hades, Brown shares with us his findings on the topic of Hell/Hades... he presents these findings to us, in a very clear and easy to read fashion. You cannot go wrong with this book; the content and the price are both great.

Could THE SOUNDS OF HELL be genuine? Is there life after death? Why did Jesus warn us so much about HADES and HELL? What did the prophet of God Enoch believe? Who is Enoch and why are his findings relevant to the story of The Rich Man and Lazarus and HEAVEN and HELL? Why did the famous historian Josephus and Hippolytus of Rome write a letter to the Greeks warning them of HADES / HELL? What was the Bosom of Abraham? Follow us as we look deep into the scriptures and discover the shocking evidence of the reality of life after death. This book includes a FREE DVD documentary.
