I have put several hundred hours into Dragon Age Inquisition and wanted to go back and play the other games in the series. This guide had been a tremendous help in figuring out DA2, especially since it was drastically different from what I was used to. Briefly flipping through you can already tell the layout and the content is absolutely gorgeous. There are easy to follow quest maps and helpful tips to get the best experience out of your game. I'm in love with this guide, honestly.

It's a must have for people looking to get the most out of a gaming experience. 1 of 1 people found the following review helpful. great game

By Media Critic At first, I thought my eyes were going bad. Then I compared this Guide with other Strategy Guides I have for other games. This Guide uses the smallest font I have ever seen, which makes it hard to read. The other bad thing about this Guide is the poor presentation of Maps. Either show the Maps on a Quest by Quest basis, OR each map with all the quests, plot points and loot labelled in it. This Guide describes Quests in a separate chapter, and shows maps in a separate chapter. Both should go together. The only good thing about this Guide is the Flowchart of Quests for each of the game's three Acts. If it was not for the small fonts and poor presentation of maps, I would have rated this Guide higher. Save your money and don't buy this Guide. The free online webguides do a better job!

Exclusive to the Collectors Edition: a hardcover reproduction of Cassandras book from the game and an additional 16 pages with a behind-the-scenes section and an artwork gallery. A dedicated "Side Quests" chapter presents all side missions, random encounters and all additional optional activities with a checklist to reach 100% completion. The "Walkthrough" features annotated area maps with step-by-step action on the left-hand page and expanded strategies and advanced tactics on the right. The "Strategy Analysis" chapter focuses on high-level playing strategies and in-depth analysis of the games underlying mechanics. All-encompassing "Inventory" chapter features exhaustive lists and tables covering: weapons, armor, accessories, special items, shops, runes, crafting, consumables and gifts. All-encompassing "Bestiary" chapter presents all details on: enemy ranks, locations, attributes, resistances, loot drops and more. A feature-packed "Extras" chapter covers every Achievement, every Trophy, every Secret and also presents a Dragon Age encyclopedia and a story recap.
