El libro de Marco PoloBy VicenteUn libro de viajes de la edad media despierta en m grandes expectativas de descripcin de lugares, constumbres, comidas y hasta de paisajes. El Libro de Marco Polo, que debera ser adems muy extenso, es pobre en descripciones, muy repetitivo en conceptos y trminos, y poco ilustrativo en la narrativa. Habiendo ledo otras versiones de los viajes de Marco Polo, ese viajero medieval, esperaba que un ebook permitiera una descripcin y un nivel de ilustracin narrativa y de imgenes superior. Lo estoy terminando, y es una pobre e inexacta (hasta comparada con otros textos de poca) del viaje de Marco Polo. Decepcionante.0 of 0 people found the following review helpful.
