Fred Anderson Berg : Encyclopedia of Continental Army Units: Battalions, Regiments and Independent Corps
before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Continental Army Units: Battalions, Regiments and Independent Corps:

0 of 0 people found the following review helpful. Good Starting Point for Historical ResearchBy Experten5Great single volume reference to American units in the AWI, good starting point for reenactors and wargamers.4 of 4 people found the following review helpful. Army OrganizationBy Roy MessineoVery useful and detailed information on the subject, which is very hard to research. It is an excellent base upon which to launch more research for someone with access on the east coast.2 of 2 people found the following review helpful. A great resource for history and genealogical researchBy Darwin F. ConconI found this book an excellent tool for genealogical research particularly when used in combination with this book: Historical register of officers of the Continental Army during the War of the Revolution, April, 1775, to December, 1783 [Paperback] by Francis Bernard Heitman.A very good investment.

This reference pulls together the organizational history of each battalion, regiment, and independent corps that served

in the Continental army.
