David Aaron : Endless Light: The Ancient Path of Kabbalah before purchasing it in order to gauge whether or not it would be worth my time, and all praised Endless Light: The Ancient Path of Kabbalah:

0 of 0 people found the following review helpful. Good Common Sense Book to Help Understand Spiritual Topics. By Shaleena I have David Aaron's 3 books on the Kabbalah, broken down so it is easier to understand. I have given several

away and always have to keep replacing them. I like them because they are just basic, good common sense. If you have tried to read other books on the Kabbalah, they can be confusing so this is one way to see it condensed to a simple form. Not sure, but some Jewish people may not approve, but I think it is a good thing to be able to introduce people to anything that is going to benefit them spiritually in their everyday life and relationship with God and your understanding of Him.

By B Tata

As a student of Kabbalah, this is a beautifully and clearly written book that clarifies complex concepts such as learning to know our true selves. Only then are we able to even think of getting to know and loving someone else. It gradually builds on itself by exploring the importance of allowing for greater space as we allow more individuals into our lives by starting with oneself, then our soul and helpmates and then ultimately our progeny. There is much more to this book but I was pleasantly surprised at the elucidation of kabbalistic terms and explanations that I came across that had not been available in other "kabbalah" publications. Given time, I will continue to seek out most of Rabbi Aaron's publications for deeper understanding of this mystical art we call Kabbalah.

Wonderful intro to Kabbalah

By Brown Eyed Girl

This is one of those books that everyone should have, whether they want to learn Kabbalah or not... there is so much amazing teaching in here that would benefit anyone and everyone. Rabbi Aaron teaches in such a way that you feel he is speaking directly to you, right through the pages, as if you were there in the living room with him. He speaks on many aspects of life and gives not only a wonderful introduction to Kabbalah but amazing teaching on the questions we all ask in our hearts and souls, in a way that makes perfect sense. As I was reading several times a little light bulb would go off in my spirit; there were several "Aha!" moments. It is the first book I have ever read on the Kabbalah and inspired me to delve a little deeper into this path. I finished a second book of his, "Seeing God" (which is equally as amazing and inspiring). I am currently reading Aryeh Kaplan's "Meditation and the Bible" and next I will be treading gently into "Opening the Tanya." I also plan to buy more of Rabbi Aaron's books. If you have questions in your spirit that you never found the answers to... read this book. It will absolutely change your outlook on life, whether you ever want to study more about Kabbalah or not. I feel it to be life changing and highly, highly recommend it, as well as "Seeing God" by him also. Happy reading and God bless.

After years of careful study, David Aaron helps us find the answers to life's questions as revealed in the Kabbalah, the mystical tradition of Judaism. Unlike other works on the Kabbalah, which are often academic, abstract, and unrelated to our everyday challenges and concerns, *Endless Light* is a thought-provoking, practical guide that illuminates our path in life. Rich in personal stories and anecdotes, *Endless Light* offers a deeper awareness of ourselves, our inner conflicts, and the way we understand and receive life's bounteous gifts. Drawing upon the profound, timeless teachings of the ancients as well as on his own contemporary insights, David Aaron helps truth-seekers of all faiths to enrich their lives, strengthen their faith, and enjoy more meaningful relationships.

.com Kabbalah, the mystical element of Judaism, has undergone an unprecedented surge in popularity in recent years. In *Endless Light* David Aaron, a rabbi who lives in Jerusalem, presents the ancient system as a source of personal and spiritual sustenance. In the kabbalah, the creation of the universe is an ongoing process; thus, Aaron says, we derive happiness from the journey to our goals rather than from reaching our destination. "If you are ready to see [life] as the challenge of any good game--where the challenge itself is what makes it fun--then your life will not be static, but a dynamic process of growth," he writes. The philosophy he presents is derived from the Torah and other Jewish texts and traditions, but Aaron makes it comprehensible to anyone seeking a new understanding of God, the world, and themselves. "In this religious self-help manual, David Aaron taps the great mystical power of the Kabbalah to offer insights into everyday life with love and power." *Publishers Weekly*

"It's not just celebrities Diane Ladd, Roseanne, Madonna, Kirk Douglas, and Jeff Goldblum. All types of people, Jews and non-Jews alike, are being drawn to Kabbalah, the Jewish mystical tradition that blends astrology, astral travel, numerology, physics, psychology, reincarnation, and magic. Aaron offers a simplified application of the esoteric teachings to modern situations." *The Washington Post*

"Studying with David Aaron, I never cease to be impressed with his ability to entertain and inspire while bringing to life the beautiful, ancient mysteries of the Torah and Kabbalah." Kirk Douglas

About the Author

Rabbi David Aaron is a spiritual teacher who has invested over 3 decades delving into life's BIGGEST question marks and sharing his life-changing wisdom and insights to adults and young adults. He has emerged as the 'God expert' simply because he has dared to ask and answer the most difficult questions that he/ALL people have and/or struggle with about God's existence and their own. And while the name 'God' appears on the cover of almost all his books, he doesn't believe in 'God' - not in the popular sense of that word, which leaves the Divine entirely misunderstood. Rabbi Aaron delivers The WHY. The big AHA. The ! The '3rd Step' (out of 12). He draws everything from Torah. His teachings are SIMPLE to understand and deliver unprecedented CLARITY to people of all backgrounds and faiths. His 5 'masteries': 1) Decoding Life's Biggest Mysteries 2) Inspiring God Consciousness 3) Soul-Powered Living 4) Living on Purpose 5) Transformational Torah Wisdom

What's UNIQUE about what Rabbi Aaron does In today's glutted market of new age spirituality/self-help/self-fulfillment and spiritual leaders/gurus, there's a myriad of religions, sects and pathways on the shelf. BUT, the majority of the world has absolutely no idea what Torah IS, even

though it possesses the most universally-embraceable spiritual content on the planet. NO ONE is disseminating Torah's universal message. And NO ONE is communicating it in a way that can connect to the spirituality-seeking 21st century. Rabbi Aaron's vision is to create a new worldwide spiritual awareness based on Torah secrets. The 'north star' is 'world transformation thru global God consciousness.' Why... Getting simple and clear answers to life's most essential questions is transformational, life altering empowering. Sharing this clarity will improve and make a better, loving world for everyone.
