Connie Roop : Escape from the Ice: Shackleton and the Endurance (Hello Reader! Level 4) before purchasing it in order to gage whether or not it would be worth my time, and all praised Escape from the Ice: Shackleton and the Endurance (Hello Reader! Level 4):

5 of 5 people found the following review helpful. Very good telling of the Endurance sagaBy M. HeissI am a huge fan

of human perseverance stories, and I have several grown-up books on the shipwreck of the Endurance. "Escape from the Ice" is a book for kids that tells the story at the level of a 3rd or 4th grader, without talking down to kids, but without too much scary stuff. This book plus the photo book by Caroline Alexander will really captivate your young explorer.

Part of the Hello Reader! Series Level 4 suggested for readers in grades 2 and 3. "Escape from the Ice" by Caroline Alexander is the story of the shipwreck of the Endurance. It offers a story of human perseverance, without doing so in a way that can be scary to children. This book will really captivate your young explorer.
