From The Jewish Publication Society : Esther's Children before purchasing it in order to gage whether or not it would be worth my time, and all praised Esther's Children:

1 of 1 people found the following review helpful. great bookBy Joan PeterdiThis is a treasure of a book. Even if we are not Iranian, or even Jewish, we can learn a lot here. Persian/Iranian Jewry is the focal point, but the overall context clarifies much about the history of Iran and the entire Middle East immensely helpful these days. Erudite essays by various scholars on varying subjects bring forward issues seldom explored elsewhere. Hooshang Ebrami's essay "The Impure Jew" is arguably the best I've ever read on the nuts-and-bolts of anti-Semitism (anti-Judaism) existing throughout the Middle East, not only in Iran. Color illustrations are sumptuous. Archival (and more recent photos) in black-and-white and in color are poignant every face tells its story, buildings come to life, especially the interiors of synagogues. A rich experience, would make a wonderful gift.0 of 0 people found the following review helpful. Beautiful BookBy Margarete H. RusselNot exactly what I thought it was going to be, but it is a beautiful and

expensive book. I wish it were easier to read, but it is heavy and awkward. 0 of 0 people found the following review helpful. Five Stars By Steven Paschgood book, very difficult to find

This magnificent volume makes available for the first time a comprehensive history of the Jews of Iran--from their earliest documented settlement in that land in 722 B.C.E. through the end of the twentieth century. Lavishly illustrated in full color with more than 500 images of monuments, manuscripts, objects, ketubbot, and individual and family portraits collected from private and public archives the world over, this unique book includes 25 articles by distinguished authors and scholars in the field of Judeo-Iranian studies. Distributed by JPS for The Center for Iranian Jewish Oral History.

"This is a sumptuous book... a big, informative volume that is also beautiful to look at... This is a wonderful book, and a true labour of love, that sheds light on a painful, deprived but defiant and ultimately rich cultural heritage." -Sipora Levy, Jewish Chronicle 'A feast: highly informative, original and well-researched... It should be read by everyone interested in either Iranian or Jewish history and culture.' - Nikki R. Keddie 'Esther's Children... is a magnificent survey of Iranian-Jewish history, ranging from the Achaemenid Empire through to the advent of the Islamic Republic. There are hundreds of haunting black and white photos: schoolchildren, nervous brides, white-bearded rabbis and entire extended families... Their eyes speak of stories untold.' -Christopher Hirst, The Independent

From the Publisher This book is edited by the Director of Publications of The Center for Iranian Jewish Oral History, an archival organization based in Los Angeles, that gathers information and interviews people knowledgeable in the fields of Iranian Jewish history, culture, science, literature, social life, politics, art, and economics. To date, the Center has produced 13 video documentaries and collected nearly 1,600 photographs, ketubbot, and documents pertaining to the Jews of Iran.

About the Author Houman Sarshar, Ph.D., editor and contributor, is the director of publications at The Center for Iranian Jewish Oral History (CIJOH), and has co-edited three volumes of The History of Contemporary Iranian Jews.
