I will teach you what it is really needed to be a true AMERICAN.0 of 0 people found the following review helpful. The concept was good and basically the information was pertinent to todayBy Robert LittleThe concept was good and basically the information was pertinent to today, but some of the "ethics" portrayed are less than ethical and could be used by a good narcissist to control weak minded people who have little or no moral foundation. For those who have a bond with God and the precepts provided in the Book of Proverbs and John, this is a great book to enhance their understanding of life in general.0 of 0 people found

the following review helpful. A good book for parents to read  
By Kindle Customer Russell George  
I didn't give this book a five star rating because I'm quite sure today's children wouldn't be familiar with a number of the words that are used. When this book was written it may be that children had a better vocabulary than they do today.

All ages can benefit from our reprint of this 1890 study on ethics. With an emphasis on character traits such as honesty, gratitude, and responsibility, this text calls attention to the critical importance of character development and the role of well-formed conscience in making morally sound decisions.

About the Author  
David Barton is the founder of WallBuilders, an organization dedicated to presenting America's forgotten history and heroes, with an emphasis on our moral, religious, and constitutional heritage. David is author of numerous best-selling works and a national award-winning historian who brings a fresh and accurate perspective to history.
