**Robert E. Webber, Lester Ruth : Evangelicals on the Canterbury Trail: Why Evangelicals Are Attracted to the Liturgical Church - Revised Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Evangelicals on the Canterbury Trail: Why Evangelicals Are Attracted to the Liturgical Church - Revised Edition:

2 of 2 people found the following review helpful. A terrific account of liturgical journeys By Jacob A. Davis A wonderful account of what draws individuals from more evangelical traditions into more liturgical traditions,

specifically Anglican. Webber's own reasoning is sound and eye-opening, while the account of his journey and the journeys of others in the following chapters will grab the hearts and minds of the reader. Webber (and Lester Ruth in this edition) isn't evangelizing Anglicanism, but explaining the draw to himself and others, and this allows the reader to really explore the tradition without feeling pressed to leave their tradition for another at the end. Exceptionally well-written, this is a must read for anyone with the slightest interest in varying traditions, and I can say that it made a particularly strong impact on me. 0 of 0 people found the following review helpful. A Trail I Want to Travel By Nan51 This was unexpectedly enjoyable to read. I bought it expecting to learn some things, but it was encouraging to me beyond expectation. I found more in it that I personally could relate to than I thought I would. The author's style was engaging. I'm very glad I bought the book and I would recommend it to others who may have found the liberalization of their church was making them feel alienated. The church of believers still exists and is still active. You may have to search to find them but I believe it is worth it. I suppose I am on the first step of that search. 1 of 1 people found the following review helpful. Good read. I borrowed the book and then decided ... By Tim Capps Good read. I borrowed the book and then decided it was important to have in my library. I have been an evangelical all my life until I wasn't. That transition occurred about 2 years ago. This is a good transitional book that helped me to understand my journey was not a solo. The testimonials are good although they seem to come from people who have similar backgrounds. Regardless, a good and insightful read.

Why do so many evangelicals flock to liturgical traditions today? Robert Webber first explored the question in this thoughtful and engaging classic in 1989; now evangelical scholar and pastor Lester Ruth updates the conversation. Much remains of Webber's beloved original text, including his discussion of Anglicanism's six great gifts: mystery and awe, Christ-centered worship, sacramental reality, historical identity, participation in catholic traditions and holistic spirituality. Ruth adds fresh stories from evangelicals who have followed Webber's footsteps on the Canterbury trail, along with new essays that highlight the diversity of Anglican expressions today."

About the Author Lester Ruth is Research Professor of Christian worship at Duke Divinity School and professor of worship history at the Robert E. Webber Institute for Worship Studies. Verification can be found at <http://divinity.duke.edu/academics/faculty/lester-ruth> and <http://iws.edu/about/who/the-faculty/>.
