**James West Davidson, Brian DeLay History Professor, Christine Leigh Heyrman, Mark H Lytle, Michael B Stoff : Experience History Vol 1: To 1877** before purchasing it in order to gage whether or not it would be worth my time, and all praised Experience History Vol 1: To 1877:

0 of 0 people found the following review helpful. Great BookBy ACoonGreat History Book0 of 0 people found the following review helpful. Rental: BooksBy Matthias B.Quick delivery - Return labels provided - Worked perfect and GREAT Option (always check if Access Code is going to be used as that's a separate charge that's not included in Rentals, but can be purchased alone) to buying which is way to expensive for secondary education.0 of 0 people found the following review helpful. Great purchase!!!By Natalie AkersI needed this book for my Hist 1301 class. The University bookstore price was over double the price. I also do not have to worry about the hassle of returning it.

Connect students to the stories of history. Connect students to the experience of history. Connect students to success in history. At McGraw-Hill, we have spent the past few years deepening our understanding of the student and instructor experience. Employing a wide array of research tools including surveys, focus groups, and ethnographic studies, we've identified areas in need of improvement to provide an opportunity for greater learning and teaching experiences. Experience History is a direct result of this. Experience History is also a first in American History. Its groundbreaking adaptive diagnostic and interactive exercises paired with its lively narrative and engaging visuals create a unique teaching and learning environment propelling greater student success and better course results. Instructors gain better insight into students' engagement and understanding as students develop a base of knowledge and construct critical thinking skills. Gripping stories keep students turning the page while the adaptive diagnostics for each chapter and a personalized study plan for each individual student help students prepare for class discussions and course work while enjoying increased course success. Experience History emphasizes that history is not just a collection of proven facts, but is "created" from the detective work of historians examining evidence from the past. Providing the interactive environment that only an integrated solution can provide, Experience History gives students the opportunity to examine primary sources and explore specific periods and events. This leads to greater understanding as well as the building and practicing of critical thinking skills. As students uniquely experience American History, Experience History propels students to greater understanding while achieving greater course success. Give students an experience. Improve course participation and performance. Experience History and experience success.

About the Author Michael B. Stoff is Associate Professor of History and Director of the Plan II Honors Program at the University of Texas at Austin. The recipient of a Ph.D. from Yale University, he has been honored many times for his teaching, most recently with election to the Academy of Distinguished Teachers. He is the author of *Oil, War, and American Security: The Search for a National Policy on Foreign Oil, 1941-1947*, co-editor (with Jonathan Fanton and R. Hal Williams) of *The Manhattan Project: A Documentary Introduction to the Atomic Age*, and series co-editor (with James West Davidson) of the *Oxford New Narratives in American History*. He is currently working on a narrative on the bombing of Nagasaki.
