William L. Lang Ph.D., James V. Walker : Explorers of the Maritime Pacific Northwest: Mapping the World through Primary Documents before purchasing it in order to gage whether or not it would be worth my time, and all praised Explorers of the Maritime Pacific Northwest: Mapping the World through Primary Documents:

Covering the adventures of coastal and ocean explorers who made key discoveries and landmark observations from northern California up the coastline to Alaska during the mid-1700s to the early 1800s, this anthology of primary source journal entries, book excerpts, maps, and drawings enables readers to "discover" the Northwest Coast for

themselves. Provides interesting primary source documents that serve to guide students through the interpretation process Supplies clear explanation and analysis of each document to promote critical understanding of the topics Supports Common Core Standards relating to primary source analysis as well as National Geography Standards, including how to apply geography to interpret the past and understanding the processes, patterns, and functions of human settlement Includes comprehensive biographies and background on each person of significance Presents information on indigenous peoples of the area, including the Tlingit, Chinook, Haida, Tsimshian, Nuu-chah-nulth, and Gitksan people

"This is a well-crafted book, written in a manner suitable for both a young novice student and a more seasoned researcher. The material offered is well-vetted. . . . This work is one that can prove valuable to any reference collection." - ARBA "For students interested in maritime exploration, this book fills a void in the literature. Especially ideal for undergraduates, it can serve as an overview of maritime exploration in the northwest, and provides easy access to primary source documents. Summing Up: Recommended. High school, community college, and undergraduate students; general readers." - Choice "The editors have safely navigated through many shifting goals and taken careful bearings. Students assigned to examine particular chapters will have no difficulty in delving into the themes as presented, for the work is logical in form and clear in its treatment." - International Map Collectors' Society Journal About the Author William L. Lang is professor emeritus of history at Portland State University and founding editor of The Oregon Encyclopedia. James V. Walker is a retired physician and map collector living in Eugene, OR, with research interests focusing on the Pacific Northwest and early 19th-century Trans-Mississippi West material.
