Norris Gives an informative look into the past. Much of what was said in the earlier sermons, like from about 1730 up to the Revolutionary War period, would not be acceptable in today's churches. For example, "The Bible And The Sword" by John Fletcher. The introductory page says "The propriety of repressing obstinate licentiousness with the sword, and of fasting when the sword is drawn for that purpose." 1 of 1 people found the following review helpful. Must have series By zastrong This is a truly wonderful book series. I recommend it to absolutely everyone - and more particularly to those who actually care what goes on in our world. Our forefathers were inspired individuals. You'll find not only a lot of wisdom in this series, but many overlooked historical sources. 0 of 0 people found the following review helpful.
