**R. A. Jairazbhoy : Rameses III: Father of Ancient America** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rameses III: Father of Ancient America:

15 of 20 people found the following review helpful. Excellent research!By James BennettFor anyone that is interested in the influence of one culture on another, this is a great book (especially if your interest lies in ancient Egypt and the Americas). I found that this book was an easy read and could be used for serious research or simple enjoyment. It is full of photos and graphics that clearly illustrate the content of the book. Additionally, I also found it to be an excellent resource for the subject of Art History due to these illustrations.
