William C. Placher : Readings in the History of Christian Theology, Volume 1: From Its Beginnings to the Eve of the Reformation (Readings in the History of Christian Theology Vol. I) before purchasing it in order to gage whether or not it would be worth my time, and all praised Readings in the History of Christian Theology, Volume 1:

From Its Beginnings to the Eve of the Reformation (Readings in the History of Christian Theology Vol. I):

1 of 1 people found the following review helpful. Solid Scholarship from PlacherBy T. SchleyThis companion volume to William Placher's A History of Christian Theology: An Introduction is a nice, concise collection of primary texts from the history of the Christian church. Placher's selections are strongest in their variety: he really has a diverse group of authors and touches on an excellent amount of ideologies through the primary texts. His weakness is in the amount of each text he provides. While it would be difficult to really put an adequate amount of all of the sources he has, there are some seminal works that lack the necessary amount of the primary source.Placher does provide well written summaries and introductions to each of the sources. All in all, a great anthology of Christian theological history.0 of 0 people found the following review helpful. Class BookBy Tanvir KhanCame in good condition.It was satisfactory for my class.No review on the content of the book.0 of 0 people found the following review helpful. Excellent readingBy Christiel really enjoyed this. Learned a lot about the early church, the development of the Roman Catholic Church. A must read for clergy.

In this book, William C. Placher compiles significant passages written by the most important Christian thinkers through the early sixteenth century. An important resource for theological study, Readings in the History of Christian Theology contains excerpts preceded by the author's illuminating introductions so that the book can stand alone as a coherent history.

"This thoughtful collection of works from the Early Church to the Late Middle ages provides an excellent introduction to the history of Christianity. This diverse anthology includes selections from normative and non-normative authors, from well-known and lesser known writers, from men and women, from theologians and mystics. The insightful chapter introductions and brief summaries of each reading make this a reliable guide for the student and teacher alike." --Carl Beckwith, Beeson Divinity School, Samford University About the AuthorWilliam C. Placher was Charles D. and Elizabeth S. LaFollette Distinguished Professor in the Humanities and Chair of the Department of Philosophy and Religion at Wabash College in Crawfordsville, Indiana. He was the author or editor of a number of books including A History of Christian Theology, Jesus the Savior, and Essentials of Christian Theology, all published by WJK.
