Gary B. Nash : Red, White, and Black: The Peoples of Early North America (4th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Red, White, and Black: The Peoples of Early North America (4th Edition):

1 of 1 people found the following review helpful. Scavenger HuntBy Constance ColeMuch of this is opinion and not

very useful for primary data. The primary data cited always has a back story. The opinion is interesting but the sources do not always back it up. Unfortunately used in numerous contemporary sources. Another scavenger hunt for truth.0 of 0 people found the following review helpful. Five StarsBy Customeramazing book full of info0 of 0 people found the following review helpful. What a Read!By Nazru DeenThis people's history of North America is an eye-opener! Follow up with 1491 and 1493 and you'll really have a perspective of the history of North America which is very different from what you learned in your high school!

Written by highly acclaimed historian Gary B. Nash, this book presents an interpretive account of the interactions between Native Americans, African Americans, and Euroamericans during the colonial and revolutionary eras. It reveals the crucial interconnections between North America's many peoples illustrating the ease of their interactions in the first two centuries of European and African presence to develop a fuller, deeper understanding of the nation's underpinnings. Coverage explores the interaction of many peoples at all levels of society, from various cultural backgrounds and across the centuries; African-Americans as active participants in the cultural process, drawing upon the work of African and African-American historians; the origins of racism, tracing the development of racial attitudes and the mixing of people across racial boundaries; Indians as much more than victims, reaching beyond the Europeans that "discovered" North America to explore the society that had already been here for thousands of years; profiles of the various European colonizers, examining French, Dutch, and Spanish settlers and comparing their treatment of enslaved Africans and Native Americans with that of the English. For those interested in Colonial American History.

From the PublisherAn authoritative, interpretive historical account of the interactions between Native Americans, African-Americans, and Whites during the colonial period.From the Back CoverWritten by highly acclaimed historian Gary B.
