Barry Lopez : Rediscovery of North America before purchasing it in order to gage whether or not it would be worth my time, and all praised Rediscovery of North America:

0 of 0 people found the following review helpful. Short but poignantBy CustomerI'd give out 5 stars if he elaborated more...there seem to be so many ideas he could have explored, but I realize this originated as a lecture; I just wish he would have expanded his original thoughts when publishing it in book form.1 of 1 people found the following review helpful. Every high school teacher in America should consider teaching this ...By Bonnie L. DankertEvery high school

teacher in America should consider teaching this book. Lopez examines a paradigm that has dominated since the time of early exploration and Every history or social studies educator should read this book and consider teaching it to their students. 1 of 1 people found the following review helpful. it is very easy to believe and see happening By Breann Coffaro Interesting take on the conquering of North America. When the idea is suggested, it is very easy to believe and see happening. Short and quick read!

Five hundred years ago an Italian whose name, translated into English, meant Christopher Dove, came to America and began a process not of discovery, but incursion -- "a ruthless, angry search for wealth" that continues to the present day. This provocative and superbly written book gives a true assessment of Columbus's legacy while taking the first steps toward its redemption. Even as he draws a direct line between the atrocities of Spanish conquistadors and the ongoing pillage of our lands and waters, Barry Lopez challenges us to adopt an ethic that will make further depredations impossible. The Rediscovery of North America is a ringingly persuasive call for us, at long last, to make this country our home.

From Publishers Weekly A National Book Award winner for Arctic Dreams, Lopez here offers a polemical assessment of the legacy of Columbus. Copyright 1992 Reed Business Information, Inc. "Eloquent, deep-reaching...may heads of state, students and stock clerks alike read this important volume; and may we all listen to its lesson." -- Bloomsbury From the Inside Flap Five hundred years ago an Italian whose name, translated into English, meant Christopher Dove, came to America and began a process not of discovery, but incursion -- "a ruthless, angry search for wealth" that continues to the present day. This provocative and superbly written book gives a true assessment of Columbus's legacy while taking the first steps toward its redemption. Even as he draws a direct line between the atrocities of Spanish conquistadors and the ongoing pillage of our lands and waters, Barry Lopez challenges us to adopt an ethic that will make further depredations impossible. The Rediscovery of North America is a ringingly persuasive call for us, at long last, to make this country our home.
