**Julia Corbett Hemeyer : Religion in America** before purchasing it in order to gage whether or not it would be worth my time, and all praised Religion in America:

0 of 0 people found the following review helpful. Purchased for college courseBy WandaThis book was purchased for a required college course and was used as a part of my class. Discussions and pop quizzes were take from the readings.0 of 0 people found the following review helpful. It's relatively short and very easy reading as far as college textbooks goBy CustomerI used this textbook for my basic college religion class. It's relatively short and very easy reading as far as college textbooks go.0 of 0 people found the following review helpful. Great readBy JakeGreat

introduction to American religions. Easily understandable and well organized. I rented it for my Religion class but now I'm looking to purchase as a reference.

Religion in America gives students and teachers a comprehensive yet concise introduction to the changing religious landscape of the United States. Extensively revised and updated, the Sixth Edition continues to engage students in reflection about religious diversity. The author presents the study of religion within the context of the humanities as a tool for developing understanding and appreciation of communities of faith other than ones own, and for understanding the dynamics at work in religion in the United States today.

From the Publisher Concise, yet thorough, this text introduces the vast variety of religious groups and activities - both ecclesial and popular - that make up the American religious picture in the 1990s. It presents the academic study of religion within the context of the humanities - discussing religion in a spirit of mutual exploration and learning, rather than in terms of what is 'right' and 'wrong.' From the Back Cover "Religion in America" gives students and teachers a comprehensive yet concise introduction to the changing religious landscape of the United States. Extensively revised and updated, the "Sixth Edition" continues to engage students in reflection about religious diversity. The author presents the study of religion within the context of the humanities as a tool for developing understanding and appreciation of communities of faith other than ones own, and for understanding the dynamics at work in religion in the United States today. About the Author Dr. Julia Corbett Hemeyer is Professor of Religious Studies, Emerita, at Ball State University. Since her retirement from classroom teaching in 2004, she is a part time hospital chaplain, and interfaith minister in private practice as a spiritual mentor, meditation teacher, author, and guest speaker.
