**From ABC-CLIO : Religion in Southeast Asia: An Encyclopedia of Faiths and Cultures** before purchasing it in order to gage whether or not it would be worth my time, and all praised Religion in Southeast Asia: An Encyclopedia of Faiths and Cultures:

This engaging encyclopedia covers the religions and religious traditions of various Southeast Asian countries, including Brunei, Burma, Cambodia, Indonesia, Laos, Malaysia, the Philippines, Thailand, and Vietnam. Promotes

respect for cultural diversity by helping students learn about the religious traditions important to many Asian Americans Highlights important information about countries, cultures, religious practices, and key figures in 50 sidebars Examines a variety of religions in Southeast Asia Includes contributions from American, European, and Asian scholars

"Presenting a topic that is riddled with nuances so it is accessible to nonspecialist readers is not an easy task. From this perspective, this single-volume reference is a welcome edition for high school students and general readers." - Booklist "[T]he volume certainly fills a void in reference works dealing exclusively with the concerns of faith and culture. The treatment is especially appropriate for reference collections serving high school students and undergraduates. Summing Up: Recommended. Undergraduate students and general readers." - Choice About the Author Jesudas M. Athyal, PhD, is visiting researcher at the Center for Global Christianity Mission, Boston University School of Theology.
