It is very interesting.0 of 2 people found the following review helpful. Bio of Sam Adams by my former professorBy Laura C. GuinanCame on time. Quality as advertised.2 of 4 people found the following review helpful. Slightly wrong description of Sam AdamsBy littleoldladyVery much looking forward to getting my own copy of this book. However, whoever wrote the book's description erred greatly in stating that Samuel Adams became a president of the United States. He NEVER became president! His second cousin, John Adams, became the second president; and John's son, John Quincy Adams, also became president of the United States. But please, folks, get your history straight! Sam Adams was quite the firebrand, but not the president.

Brief, paperback biography that discusses former U.S. president Samuel Adams.
