**Nathaniel Philbrick : Sea of Glory: America's Voyage of Discovery, The U.S. Exploring Expedition, 1838-1842 (Paperback)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sea of Glory: America's Voyage of Discovery, The U.S. Exploring Expedition, 1838-1842 (Paperback):

0 of 0 people found the following review helpful. Five StarsBy M. KnuppelGreat story!0 of 0 people found the following review helpful. The Expedition Time ForgotBy Judson T. HansonSea of Glory is an outstanding book by Nathaniel Philbrick, author of the National Book Award winning In the Heart of the Sea. In my opinion, it is a much better book than the one that inspired the recent movie. I had never heard about the U.S. Exploring Expedition, although I have visited the Smithsonian, which owes its beginning to the men who went own it. The expeditions leader, Charles Wilkes, is a brash, arrogant man who, despite cultivating hatred for himself among his officers and crew, nonetheless manages to garner credit for some remarkable accomplishments. I highly recommend this telling of one of the most remarkable pieces of American history that has been forgotten.
