Adrian Gilbert : Secrets of the Stone of Destiny: Legend, History, and Prophecy before purchasing it in order to gauge whether or not it would be worth my time, and all praised Secrets of the Stone of Destiny: Legend, History, and Prophecy:

1 of 1 people found the following review helpful. Five Stars By Minnie Interesting, and for me, new information about the stone known as Jacob's Pillow, other sacred stones and sacred sites. 0 of 0 people found the following review helpful. Two Stars By R.J. Kelly Found it boaring 0 of 0 people found the following review helpful. this book is

awesome answered lots of questions was very hard to put ...By rita richardthis book is awesome answered lots of questions was very hard to put down I love books that help you understand the bible I love the bible books like this opens one mind thankyou oh so much

Within the world there are certain objects, talismans if you like, that seem to possess a curious almost magical power. Like Aladdin's lamp, ownership of such objects is a matter of destiny, and changes in ownership can signify even apocalyptic events. This book concerns another talisman, perhaps the oldest and greatest of them all: the Lia Fail or Stone of Destiny. To look at it is to see an unassuming worn block of stone with simple iron handles protruding from its sides. Yet the mythology surrounding it is extraordinary. It predates even the Ark of the Covenant by hundreds if not thousands of years. What secrets does this Stone possess? What is its destiny? Author Adrian Gilbert looks at the stone in a way never before attempted and shows how its very dimensions provide hidden evidence that links it both to the pyramids of Egypt and to the Druidic religion of Britain, and finally to its prophetic destiny.

About the Author Adrian Gilbert was born near London, where he attended St. Edmunds College, as well as the University of Kent at Canterbury, reading for an Honours degree in Chemistry. His first book, *The Cosmic Wisdom Beyond Astrology*, was written with the intent of bringing together scientific reasoning and mystical insight. As things have turned out, this has continued to be the hallmark of Adrian's writing and explains why his books have achieved world-wide recognition. Adrian has appeared in a number of documentaries including two for the BBC: *The Great Pyramid, gateway to the stars* and *The Crystal skulls*.
