Sam James masterfully paints word pictures of his service in South Vietnam. It is as dramatic and moving as any novel you will ever read. You feel that you are almost there. I would rank it with any of the great

missionary books ever written. It will be a tremendous blessing to any Christian who reads it. All missionary candidates would receive immeasurable benefits from reading it. Without a doubt it is one of the best books I have ever read. 2 of 2 people found the following review helpful. Excellent Book

This book was a pleasure to read. It will thrill the hearts of both teens and adults to read what God did during the turbulence of the Vietnam War. Each chapter is a stand-alone story from Sam James' ministry in Vietnam, which makes it easy to read or to use for devotionals. At the end of each chapter are discussion questions which are useful for a group study of the book or just personal reflection. This book also provides unique insight into what it was like to live in Vietnam during the war. I highly recommend it.

Excellent! I loved hearing about God's work in Vietnam and His faithfulness to Sam James and his family while on the field. Very encouraging!

An awful time . . . An awesome God. Again and again it happens. Bombs fall in a nearby shopping district. Enemy soldiers terrorize neighboring homes. Crossfire decimates civilian cars at a roadblock. War infuses every quarter of Vietnam. Most Americans long ago have left for safety. The James family remains. Sam James and his wife and four children sit tight in ravaged South Vietnam to share Jesus when the Vietnamese most need ministry--as the country falls to communism. Even during the frightening Tet Offensive, Sam communicates Christ's love and peace as he helps Vietnamese believers start churches and gird up spiritually for the dark days ahead. What makes one man willing to stare death in the face to obey God's call to serve the Vietnamese? And what becomes of all the seeds planted among these fledgling Christians as communist oppression advances?

About the Author
