Kenneth Morgan : Slavery and Servitude in Colonial North America before purchasing it in order to gage whether or not it would be worth my time, and all praised Slavery and Servitude in Colonial North America:

3 of 3 people found the following review helpful. Patterns of European Emigration to the American ColoniesBy Kindle CustomerAn academic book that provided me with empirical data to understand European emigration patterns during the 18th and 19th centuries. Data on servitude and the interrelationships between British servants and Negro slaves provided insight current day Americans. This book also contributed to my understanding of economics in

Colonial America.

In *Slavery and Servitude in Colonial North America*, Kenneth Morgan shows how the institutions of indentured servitude and black slavery interacted in the seventeenth and eighteenth centuries. He covers all aspects of the two labor systems, including their impact on the economy, on racial attitudes, social structures and on regional variations within the colonies. Throughout, overriding themes emerge: the labor market in North America, the significance of racial distinctions, supply and demand factors in transatlantic migration and labor, and resistance to bondage. This is an ideal introduction to an area that is crucial for understanding not just Colonial American society but also the later development of the United States.

In an educational credentialing world, Richard Pitt takes us deep into an alternative reality--clergy by calling and anointing. A riveting read, this is serious social science that enlightens as it engages.-Michael O. Emerson, A beautifully written and profoundly sensitive exploration of the meaning of ministry as labor and calling. It stands not only as a highly original empirical treatment of the Church of God in Christ, but as an important theoretical statement in the sociologies of religion and professions. *Stutter and a Stick* will be read and discussed for many years to come.-Omar McRoberts, About the Author Kenneth Morgan is Professor of History at Brunel University.
