Lawrence B. Goodheart, Richard D. Brown, Stephen Rabe : Slavery in American Society (Problems in American Civilization) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Slavery in American Society (Problems in American Civilization):

1 of 1 people found the following review helpful. Excellent scholarly collection By Mike I read this book as part of the required text for an upper level history course. This is a book that I am glad to have read. It is scholarly yet entirely approachable and clear. It is well researched with an impressive list of contributors, yet not so jargon rich as to

obscure its points and messages. I thought I had a fair grasp on the subject of slavery in America, I have had my eyes opened to broader horizons and deeper understandings.0 of 0 people found the following review helpful. Five StarsBy CustomerGreat overall.

This anthology reflects the sweeping changes of recent years in historians' views of slavery, featuring essays from the growing fields of social history, women's history, and comparative history.

About the AuthorRichard D. Brown, Board of Trustees Distinguished Professor of History and Director of the University of Connecticut Humanities Institute, is a 1961 graduate of Oberlin College who attended Harvard on a Woodrow Wilson Scholarship, earning his Ph.D. in 1966. Before coming to the University of Connecticut in 1971, he taught as a Fulbright lecturer in France and at Oberlin College. His research and teaching interests have been in the political, social, and cultural history of early America. His current project, "The Challenge of Equality in the Early Republic," employs microhistory and narrative. A past president of the Society of Historians of the Early American Republic and the New England Historical Association, Brown has held fellowships from the John Simon Guggenheim Foundation and the National Endowment for the Humanities, among others.
