Yvon Garlan : Slavery in Ancient Greece before purchasing it in order to gage whether or not it would be worth my time, and all praised Slavery in Ancient Greece:

Book by Garlan, Yvon

From Library JournalIn this useful survey of Greek slavery, published for the first time in English, history professor Garlan has written a "handbook" for all interested in ancient servitude. Rather than competing with M.I. Finley's *Ancient Slavery Modern Ideology* (Viking, 1980), Garlan takes a different approach. He examines "chattel slavery" and the theories by which the Greeks justified their enslavement of other peoples, and discusses the condition of slaves in various city-states. Recommended, though one wishes there were a full bibliography. Jackson P.
