Professor Dale W. Tomich : Slavery in the Circuit of Sugar: Martinique and the World Economy, 1830-1848 (Johns Hopkins Studies in Atlantic History and Culture) before purchasing it in order to gage whether or not it would be worth my time, and all praised Slavery in the Circuit of Sugar: Martinique and the World Economy, 1830-1848 (Johns Hopkins Studies in Atlantic History and Culture):

"This is a book about Martinique. But I believe Tomich is justified in arguing that it is not about Martinique and the world, so much as about the world of which Martinique was a changing part. Tomich has succeeded in integrating the Caribbean experience into the history of the world economy better than anyone else has so far." -- Sidney W. Mintz, The Johns Hopkins University
