focuses on the errors that are coming (and have come) to the modern Western Church. Steve Hill uses a "vision" of an avalanche to show how the church is not aware of what is coming. He also uses a ski resort to focus on how the church has traded the Word of God for man-made traditions and have robbed God of His glory. The lack of preaching, lack of repentance, lack of prayer and desperation for souls has left the church as nothing more than a social club, a ski resort. Overall we need to hear this warning. Some may not like that Hill is basing this book on a vision he had but the message is good. We need to hear his call and repent. Brother Hill is now with the Lord but though he is dead, he still speaks. His message of holiness and passion for God is needed in this wicked hour. 1 of 1 people found the following review helpful. A vision that EXPOSES wide spread false teaching! By C. Brown I purchased this book a year ago after hearing a Steve Hill interview on Dr. Michael Brown's radio program, lineoffireradio.com. I couldn't download the book fast enough. The message BURNED in my heart and sent me on a year long quest which helped expose some false teachings I had heard and led me to make some very important changes. God is always gracious to reveal truth, especially when we are searching. It is bittersweet for me to be posting this review right now, as Steve went home to be with the Father last week after several years battling cancer. I was just reading the last couple chapters of the book and listening to Steve articulate his desire to one day be in eternity and that it drove everything he did here on earth. Knowing he is rejoicing with the Lord right now as I write this, brings a smile to my face. PLEASE purchase this very relevant book. Open up your heart, ask Holy Spirit to reveal truth to you as you read and if you need to do make changes, be obedient to God. He desires for you to walk in obedience and in a manner that is worthy! Hallelujah! This book is an URGENT WARNING for Christians. HEED the warning!! 0 of 0 people found the following review helpful. A book every Christian needs. To read. By StarsInBaja The author is dead-honest, delivering what is obviously a message he lives and breathes. I believe he is right on. This book woke me up. I'm sure many others will say the same. Get it... read it... and get ready to start living again like Jesus intended you to: abundantly.

This is a wake up call and vivid warning to readers through a vision of an avalanche that God gave Steve Hill, which represents the false and heretical teachings from pastors and teachers that are spreading to Christians worldwide.
