Sally Lloyd-Jones, Sam Shammas : The Jesus Storybook Bible Curriculum Kit Handouts, New Testament
before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Jesus Storybook Bible Curriculum Kit Handouts, New Testament:

I think Sally Lloyd-Jones' translation of the Bible is incredible, grace-based, and powerful. Every story -- even obscure Old Testament ones -- points to Jesus. After all, isn't that what the Bible is all about? So I was excited about this curriculum. I wanted it to be worthy of five stars. Sadly, it's disappointing. First of all, there are typos, which is just simply inexcusable. Secondly, although the description indicates each lesson has a memory verse, each lesson doesn't actually have a different memory verse. The same verse is used for three lessons straight, then a

new verse is introduced. But perhaps most disappointing of all, is that the verses chosen don't match up at all with the same theme and spirit of grace contained in the Jesus Storybook Bible itself. Sally Lloyd-Jones' bible is amazing; her curriculum leaves a lot to be desired. 4 of 4 people found the following review helpful. Not What I Expected By Lindsey I bought these to use with our Jesus Storybook Bible. They were not at all what I expected. They are loose pages, not in a book form and not hole-punched for storing. They are full color, which sounds cool, except that means there are no coloring type activities. There wasn't a lot to DO with these. I was pretty disappointed. They don't copy well, either, because they are full color. I wouldn't recommend these at all. 1 of 1 people found the following review helpful. Not useful By Molly Carter I love the Jesus storybook bible and was looking for curriculum to help lan Sunday school lessons. I was looking for an overarching curriculum to bring home and explore the beautiful themes of the JSB (through games, snacks, crafts), these just didn't do it. These were too basic and didn't do anything beyond asking simple questions about the bible story. Totally useless for my needs. They ended u in the recycling.
