If, on the other hand, you are looking for a reasonably priced, Hebrew calendar, that looks nice, and will provide you with all the; days, dates, and holidays in both the English and Hebrew years of 2016 [beginning September] - 2017 [January - December] and the entire Hebrew year of 5777 [as according to the Hebrew lunar calendar, then this is definitely worthy of your serious consideration. I bought one for myself and one as a gift for a friend. We are both very happy with them. May the year 5777 and all that follow, bring you much Mazel and to all our non Jewish friends, may 2017 and all the years to follow, be filled with much luck, suerte, Joss, or however you say it, in your language! G-D Bless you....Shalom! 5 of 5 people found the following review helpful. Perfect display calendar. By Flash I've been getting this calendar for many years. It's great for

recording daily events and reminding me of the holidays approaching. 0 of 0 people found the following review helpful. Like many others By avid chef Like many others, I have been ordering this calendar for many years. Previous reviewers noted its many pros - all the holidays are written on the calendar, beautiful pictures of Judaica, and the listing of Shabbat times. Those are things I have come to expect in Jewish calendars. For me, the best part is the large date boxes in which to write appointments in. In the past, I have ordered other calendars and ended up returning them because the boxes were too small or cluttered. This calendar has the perfect size boxes. I can fit in each box three appointments with the name of the person being seen, the time as well as addresses and phone numbers. I have yet to find another calendar with ample space to do this. I consider this calendar to be a very practical calendar, but there are other more beautiful Jewish calendars out there. However, for me personally, I feel this is the best Jewish calendar made.
