From Brand: Harvard University Press : The Key of Liberty: The Life and Democratic Writings of William Manning (The John Harvard Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Key of Liberty: The Life and Democratic Writings of William Manning (The John Harvard Library):

3 of 3 people found the following review helpful. Great Book!!By J. JacksonIf you want to know about the feelings of a true agrarian in Jefferson's eyes, this is the book to read. He took the great ideas of the many and made it accessible to everyone and gives us a great insight into the minds of the many. A MUST read if you like the Early U.S. Republic

The Key of Liberty offers, better than any book yet published, a grassroots view of the rise of democratic opposition in the new nation. It sheds considerable light on the popular culture--literary, religious, and profane--of the epoch.

From Library JournalObsessed with the struggle between the few and the many, Manning, a common "laborer" whose writings were collected posthumously, gives a summary of the fiscal and political conditions in Massachusetts and the colonies during the first three presidents' terms. Manning examined the monetary system in detail along with the interrelationships of interest groups in the young country. Fascinating is the introduction by Merrill (Labor Education Center, Rutgers) and Wilentz (history, Princeton), in which they include an analysis of the religious roots of Manning's beliefs and arguments. One of Manning's most penetrating and revealing theories is that popular deference commonly occurs during times of economic prosperity, that in turn breeds a complacency that Manning deplored. The work has generous footnotes and the introduction cogently presents the salient points so the reader can look to the text for Manning's actual expressions. Recommended for academic libraries.- Clay Williams, Bluefield State Coll. Lib., W. Va.Copyright 1993 Reed Business Information, Inc. Obsessed with the struggle between the few and the many, Manning, a common 'laborer' whose writings were collected posthumously, gives a summary of the fiscal and political conditions in Massachusetts and the colonies during the first three presidents' terms. One of Manning's most penetrating and revealing theories is that popular deference commonly occurs during times of economic prosperity, that in turn breeds a complacency that Manning deplored. The work has generous footnotes and the introduction cogently presents the salient points so the reader can look to the text for Manning's actual expressions. (Clay Williams Library Journal)The Key of Liberty provides modern-day readers with fresh insight into the thoughts of the 18th-century citizen-soldier and his analysis of the contemporary political scene. (Choice)There is much in The Key of Liberty to satisfy students and historians alike, not the least of which is a more sophisticated and compelling version of Merrill's argument about the moral basis of markets...The Key of Liberty is a fine accomplishment and makes a significant contribution to both historians and their students. (The Journal of American History)From the Back Cover'The Key of Liberty' offers, better than any book yet published, a grassroots view of the rise of democratic opposition in the new nation. It sheds considerable light on the popular culture--literary, religious, and profane--of the epoch.
