If you're a fan of Thor Heyerdahl, of adventuring, and of men who live their lives to the fullest and remain undeterred by the mocking of peers, then this beautifully illustrated book (tons of photos, as well as Heyerdah's own sketches) is a romping read.0 of 0 people found the following review helpful. I purchased this copy as a birthday gift for a friend and I was VERY disappointed in the size and quality. Because it was a gift I wanted a hardback. When it arrived I was surprised to learn it was the size of the average paperback, and the pages are made of cheap, yellow paper. I gave it to my friend but I was embarrassed about the quality. For shame, !

A must read
