Bruce A. Kimball : The Liberal Arts Tradition: A Documentary History before purchasing it in order to gage whether or not it would be worth my time, and all praised The Liberal Arts Tradition: A Documentary History:

0 of 0 people found the following review helpful. A Complete History of the Liberal ArtsBy MagisterI thoroughly enjoyed reading about the development of the "liberal arts tradition" from its origin to the present time. This is a tremendous resource document. It should read and studied by anyone seriously interested in the "liberal arts." It complements Father Roche's book "Why Choose the Liberal Arts?" Professor Kimball has done us a great service by developing and writing this resource document.0 of 0 people found the following review helpful. Good resourceBy penguina good resource, thank you.0 of 1 people found the following review helpful. Perfect.By Patrick PariseAs advertised, arrived quickly.

Ranging from Plato in antiquity to Martha Nussbaum in the present era, the authors of the seventy readings included in

The Liberal Arts Tradition present significant and exemplary views addressing liberal arts education over the course of its history, particularly in the United States. Most of the documents are newly translated or no longer available in print. Arranged chronologically, each selection is accompanied by an informative introduction and extensive explanatory notes discussing its place within the liberal arts tradition. Based upon the author's twenty-five years of experience leading seminars concerning the history of liberal education, this collection presents a uniquely comprehensive and salient set of documents, while incorporating the neglected portrayal and discussion of women within the history of the liberal arts.
