Barbara Dowell : The Life of the Apostle Paul before purchasing it in order to gage whether or not it would be worth my time, and all praised The Life of the Apostle Paul:

0 of 0 people found the following review helpful. Joy to readBy Sheri DowellVery, well researched and organized and the information is presented in a narrative format. Making it a compelling story to read.1 of 1 people found the following review helpful. Excellent!By PreacherBoyThis book puts the life of Paul (as shown in the Bible) in chronological order, and fills in the details with historical backgrounds of the places he visited and the people he interacted with. Several historical details were included in this book that I was not aware of, and which makes it much

easier to identify with the great apostle's life. This book is an excellent addition to my library.

Packed with background information on the people and places that Paul interacted with, this book helps you to see Paul's life and travels with a much better focus. From the background of cities like Tyre, Jerusalem, Corinth, and Rome to the character of men like Agrippa, Festus, and Felix, "The Life of the Apostle Paul" helps you to know them like the first-century Christians would have known them. This book looks at the life of Paul from his birth and raising to his final written words to Timothy. Written by a Bible teacher, this book will prove to be a welcome addition to every Christian's library.
