Nigel Bance : The Liquidation of Raoul Wallenberg before purchasing it in order to gage whether or not it would be worth my time, and all praised The Liquidation of Raoul Wallenberg:

1 of 1 people found the following review helpful. Just when you thought you knew who the good guys were in WWII along comes The Liquidation of ...By B. GuentherJust when you thought you knew who the good guys were in WWII along comes The Liquidation of Raoul Wallenberg. Was he a spy, a diplomat, a savior of Hungarian jews, or a profiteer? Maybe all is the answer posed by this fascinating bookExtensively researched with numerous photos and

copies of original Soviet documents we learn such interesting asides as: Robert Maxwell, the Brit press baron, was financed by the Soviets, Robert Oppenheimer was a NKVD agent sending uranium enrichment secrets to the Soviets in 1944 and Alger Hiss was a NKVD spy in the State Department. This book is not an easy read with lists of unpronounceable Russian names complicated by the habit of the persons using noms de guerre. Wallenberg no doubt saved hundreds if not thousands of Jews in the chaotic final days of the war. Kidnapped by the Russians he became a pawn in the post war chess match between Sweden and Russia. How hard did the Swedes try to get him back? When was he executed and by what means? Read the book to find the evidence and then draw your own conclusions.

Nikita Khrushchev's top-secret investigation, conducted from Dec 1953 to March 1954 by the notorious Moscow security chief, Ivan Serov, uncovering why, where and when Wallenberg, and Langfelder, his Budapest driver, were executed has never been revealed - until now. An investigative journalist has finally solved the mystery of Sweden's 'Lost Hero'.
