V.S. Naipaul : The Loss of El Dorado: A Colonial History before purchasing it in order to gage whether or not it would be worth my time, and all praised The Loss of El Dorado: A Colonial History:

0 of 0 people found the following review helpful. Proof that all of our history should be written by novelistsBy P. J. KeatingThis was the first book by Naipaul that I read, decades ago, and I fell in love with it. A beautiful book about a truly terrible subject. Nothing else by Naipaul quite lives up to this amazing book.0 of 0 people found the following review helpful. One StarBy Richard R. WeidnerSurprisingly bad book, boring,0 of 0 people found the following

review helpful. Two StarsBy D. HaightNot up to Naipaul's standard.

The history of Trinidad begins with a delusion: the belief that somewhere nearby on the South American mainland lay El Dorado, the mythical kingdom of gold. In this extraordinary and often gripping book, V. S. Naipaul himself a native of Trinidad shows how that delusion drew a small island into the vortex of world events, making it the object of Spanish and English colonial designs and a mecca for treasure-seekers, slave-traders, and revolutionaries. Amid massacres and poisonings, plunder and multinational intrigue, two themes emerge: the grinding down of the Aborigines during the long rivalries of the El Dorado quest and, two hundred years later, the man-made horror of slavery. An accumulation of casual, awful detail takes us as close as we can get to day-to-day life in the slave colony, where, in spite of various titles of nobility, only an opportunistic, near-lawless community exists, always fearful of slave suicide or poison, of African sorcery and revolt. Naipaul tells this labyrinthine story with assurance, withering irony, and lively sympathy. The result is historical writing at its highest level.

History as literature, meticulously researched and masterfully written. The New York Times Book A formidable achievement. . . . No historian has attempted to weave together in so subtle a manner the threads of the most complex and turbulent period of Caribbean history. The Times Literary Supplement Brilliant. . . . Startling. New Statesman A remarkable book. . . . Intelligent, humane, brilliantly written. Book World From the Inside Flap The history of Trinidad begins with a delusion: the belief that somewhere nearby on the South American mainland lay El Dorado, the mythical kingdom of gold.
