This election will forever be studied in schools as well as this Presidency and how one man changed everything!1 of 3 people found the following review helpful. Roger Stone excellent author as usualBy gejomeInteresting to know the background of our President and Roger Stone does an excellent work of presentation

In the tradition of Theodore Whites landmark books, the definitive look at how Donald J. Trump shocked the world to become president From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trumps campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming.In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Here is the first definitive explanation about how the silent majority shifted the election to Donald Trump in reliable Democratic Pennsylvania, Wisconsin, and Michigan, thus handing him the presidency.Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among Forgotten Americans despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine.From the start, Trumps campaign was unlike any seen on the national stagecombative, maverick, and fearless. Trumps nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security.Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insiders view that includes studying opposition research into Bill, Hillary, and Chelsea Clintons crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trumps triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State.Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first ladys infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians.The grizzled political veteran of ten Republican presidential campaigns from Richard Nixon to Ronald Reagan to Donald Trump explains how Trumps election has averted near certain war with Russia over Syria and the rejection of the neocon policies of the Obama/Clinton Administration.The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clintons weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were loaded and completely misunderstood who would vote.Stone's analysis is akin to Theodore H. Whites seminal book The Making of the President 1960. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called one tough cookie."Roger Stone has authored or co-authored the following books:The Man Who Killed Kennedy, a New York Times bestseller in which Roger Stone makes a compelling case that Lyndon Baines Johnson was the mastermind behind the murder of President John F. Kennedy. Stone maps out LBJs motives for orchestrating the murder and uses fingerprint evidence and testimony to prove JFK was shot by a long-time LBJ hit man Lee Harvey Oswald.Nixons Secrets gives the inside scoop on Nixons rise and fall in Watergate. Stone charts Nixons rise from election to Congress in 1946 to the White House in 1968 after his razor-thin loss to John Kennedy in 1960, his disastrous campaign for Governor of California in 1962 and the greatest comeback in American Presidential history.Jeb and the Bush Crime Family, in which Stone collaborates with Saint John Hunt to make this a no-holds-barred history of the Bush family. After detailing the vast litany of Jeps misdeeds, Stone travels back to Samuel, Prescott, George H. W., and George W. Bush to weave an epic story of privilege, greed, corruption, drug profiteering, assassination, and lies. This exposition will have you asking, Why aren't these people in prison?The Clintons War on Women, where Roger Stone and historian Robert Morrow uncover the explosive and ugly truths about Bill and Hillarys crimes and cover-ups. They reveal the damning details about their actions in Arkansas, during Bill Clintons scandalous time in the White House, about who really ordered the deadly attack on the Branch Davidian compound in Waco, during Hillarys federally-investigated tenure as secretary of state, about their time at the corrupt Clinton Foundation, and during Hillarys failed campaign for president.

"Roger's a good guy. He is a patriot and believes in a strong nation, and a lot of the things that I believe in." President Donald J. Trump "This is the definitive inside account from someone who was with Trump from the beginning." Judge Andrew Napolitano "Breathtaking in its scope and detail, Stone explains how Donald Trump pulled off the greatest upset in American political history." Alex Jones "No one, and I mean no one has a better, more direct and comprehensive view on the rise and rule of Donald Trump than Stone." #151 Dr. Theodore Roosevelt Malloch "We are living in the age of Stone. Indeed his journey from a Dick Nixon 'Dirty Trickster,' to Donald Trump's man in the trenches, does roughly mirror the trajectory of the American right." Variety "Stone has been a colorful and at times maligned figure in the Republican Party who relishes political combat and playing a role in causing or exposing unseemly scandals." Washington Post "Stone is one of the best known and best dressed political insiders in New York." Breitbart.com "Watching Stone is like watching a well-dressed cobra at rest." Esquire "Possibly The Most Dangerous Man In Politics." MSN.com "Trump without Stone is akin to George W. Bush without Karl Rove or Barack Obama without David Axelrod." National "What makes Stone such a tour de force is his ability to impact the campaign of both candidates." Redstate.com "Stone is one of the best sources in Washington for 'inside dirt.'" Slate.com Top Customer s "This excellent book will become the classic resource for future students of the 2016 presidential election." Phillip F. Nelson "I have never seen a more well structured summary of a great historical event." Graham H. Seibert, TOP 500 REVIEWER "Incredible to follow and now revisit such a historical campaign! Stone and fellow patriot talk show host Alex jokes undoubtedly propelled President Trump's campaign to a historical victory. Amazing! Stone called it all the way to the end! No wonder the mainstream media didn't want him on their airwaves. Must have for all Trump fans or for anyone wanting to breakout of the left/right controlled media/political paradigm." AnalogElvis
