It is worth the extra money even though I hesitated at the first when ordering curriculum.4 of 4 people found the following review helpful. More than satisfiedBy LilyWhile not a dreary textbook with it's details, this is an incredible overview of the intermixing of the Bible and history. We loved the extension activity ideas and the extended reading/video ideas in the back. I am learning right along with my kid. This is the best homeschool materials we have.1 of 1 people found the following review helpful. mystery of
