David G. Dalin : The Myth of Hitler's Pope: Pope Pius XII And His Secret War Against Nazi Germany before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Myth of Hitler's Pope: Pope Pius XII And His Secret War Against Nazi Germany:

4 of 5 people found the following review helpful. Informative and well researched By JAMES WILLISI really enjoyed

this book, it was well researched and I found it very informative. I certainly was impressed with the author's deep understanding of a very complex story and the defence of the Pope and Church from a Jewish perspective. It contains a well-argued defence of the efforts of Pope Pius XII and the Catholic Church to save as many members of the Jewish faith as possible from the Nazi Extermination camps. I think it contained a very thought-provoking insight into the Liberal Media and its role in the contemporary Cultural War currently being fought for Western Civilization. I must say I was very surprised to read the chapter dealing with 'Hitler's Mufti; Muslim Anti-Semitism and the Continuing War against the Jews'. It has certainly increased my understanding of the forces currently engaged in the struggle to undermine our way of life. I would highly recommend this book for others to read, I am sure it will be a book I will repeatedly lend to others and I am equally sure it will be a book I will re-read many times and use to counter the contemporary liberal bias in our current society. I am left with a feeling of gratitude for the author for his efforts in righting the terrible erroneous injustice done to both Pope Pius XII and the Church during this bleak period of world history.

4 of 5 people found the following review helpful. A vindicated Pope who changed the course of History
By A buyer's experience... This movie vindicated " Pope Pius XII and long overdue. I myself like many other Catholics thought he did not do enough to save Jews during Hitler's War II. However, after reading more about this man and the false myths that had circulated - I myself saw him like many other Catholics and Jews in a different light. The personal accounts about this is now in his good favor. The movie was a masterpiece and congratulations to the entire crew who accomplished this.

3 of 4 people found the following review helpful. Well Documented Defense of Pope Pius -- Needs to Be Read in Context
By Eddi Haskell This is a book that is a very good compilation of defenses of Pope Pius and his actions during the Holocaust in saving Jewish lives. The only thing is the author (who happens to be a Rabbi) appears to have written this book with an end result in mind -- to exonerate Pope Pius of charges that he could not do all he could given his power. It is not by itself an objective piece of research, since it is written with an end objective in mind. One thing which was interesting is information on how Pope Pius had Jewish friends in school and during his youth -- and how this may have helped him get a positive image of the Jewish people. If you purchase this book with the purpose of the book in mind, you will enjoy reading it.

In Rabbi David G. Dalin's controversial new book, he explodes the newly resurrected, widely accepted, yet utterly bankrupt smearing of Pope Pius XII, whom Jewish survivors of the Holocaust considered a righteous gentile.

This is a stunning book. I wish I had known more of this material years ago. -- Michael Novak, George Frederick Jewett Chair in Religion and Public Policy, American Enterprise Institute for Public Policy Research

From the Inside Flap: Was Pope Pius XII secretly in league with Adolf Hitler? No, says Rabbi David G. Dalin, but there was a cleric in league with Hitler: the grand mufti of Jerusalem, Hajj Amin al-Husseini. As Pope Pius XII worked to save Jews from the Nazis, the grand mufti became Hitler's staunch ally and a promoter of the Holocaust, with a legacy that feeds radical Islam today. In this shocking and thoroughly documented book, Rabbi Dalin explodes the myth of Hitler's pope and condemns the myth-makers for not only rewriting history, but for denying the testimony of Holocaust survivors, hijacking the Holocaust for unseemly political ends, and ignoring the real threat to the Jewish people. In *The Myth of Hitler's Pope*, you'll learn: The true history of Pope Pius XII and the Holocaust; how the Catholic Church did more than any other religious body to save Jewish lives; the real history of the Church and the Nazis, including the Nazi plan to kidnap the pope; the real agenda of the myth-makers: hijacking the Holocaust to attack the very idea of the papacy, especially the papacy of the late Pope John Paul II, as well as Christianity and traditional religion as a whole; Hitler's cleric Hajj Amin al-Husseini, who advised and assisted the Nazis in carrying out Hitler's Final Solution; how Pope Pius XII rescued Jews and deserves to be called a "righteous gentile" while the grand mufti of Jerusalem called for their extermination. Full of shocking and irrefutable detail, *The Myth of Hitler's Pope* is sure to generate controversy, and more important, to set the record straight. If you want the truth about Pope Pius XII, about the Catholic Church, the Jews, and the Holocaust, and about how the myth of Hitler's pope plays into the culture wars of our own time and how the fact of Hitler's mufti is a vital source of radical Islam today, you must begin here.

About the Author: David G. Dalin, an ordained rabbi, is a professor of history and political science at Ave Maria University in Naples, Florida. Rabbi Dalin is the author or co-author of several books, including *The Presidents of the United States and the Jews* and (with Jonathan D. Sarna) *Religion and State in the American Jewish Experience*. His articles and reviews have appeared in *American Jewish History*, *Commentary*, *Conservative Judaism*, *First Things*, *the Weekly Standard*, and *the American Jewish Year Book*. He received his B.A. degree from the University of California at Berkeley, his M.A. and Ph.D. from Brandeis University, and his Rabbinic Ordination from the Jewish Theological Seminary of America.
