Thomas Jefferson : The Portable Thomas Jefferson (Portable Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Portable Thomas Jefferson (Portable Library):

0 of 0 people found the following review helpful. Well written and an easy read. Please understand this is not a novel By W. Williams Well written and an easy read. Please understand this is not a novel, but a book written with historical information that fills in many blanks we all need to fill in. 4 of 4 people found the following review helpful.

Get the book *By zastrong* Thomas Jefferson is the most brilliant man in the history of the world, in my humble opinion. I have my degree in Constitutional history and can testify that Jefferson understood the principles of Liberty better than any of the Founders, and better than anyone else whose work I've ever come across. This particular book is one that everyone should own. It's set up well, is easy to maneuver, and has Jefferson's greatest gems all in one package. 1 of 5 people found the following review helpful. Good book *By Brian J. Duke* Neat book. has a lot of the pertinent documents that Jefferson wrote and correspondences he had with people in his time. I wish there were some more biographical information in it, but it's a great source for primary material.

Includes *A Summary View of the Rights of British America* and *Notes on the State of Virginia* complete; seventy-nine letters; "Response to the Citizens of Albemarle," 1790; "Opinion on the Constitutionality of a National Bank," 1791; and many other writings.

About the Author *Thomas Jefferson* (1743-1826) was the third president of the United States (1801-1809), the principal author of the Declaration of Independence, and one of the most beloved and revered Founding Fathers of the United States of America.
