If you want to know what it was like to be a puritan this book spells that out ...By CustomerIf you want to know what it was like to be a puritan this book spells that out and explained a lot about what family life was like for them.1 of 1 people found the following review helpful. Very good bookBy kmsThis is a very good book if you want to find out about the Puritan Family - about how they lived according to what Scripture says in the family. It has a wonderful introduction that explains much about how the Puritans saw family specifically, but culture and community generally. A very enlightening read.0 of 0 people found the following review helpful. Somewhat DisappointingBy Wilfred HoltonI am reading some of the classic books on Puritan family life and carnal passions to prepare for my organization's "Boston Charter Day" theme in 2016: "The Passionate Puritans." This book is very thoroughly researched and well written as far as it goes. I was disappointed that it is weak on child rearing and the care of frail elders.

The Puritans came to New England not merely to save their souls but to establish a "visible" kingdom of God, a society where outward conduct would be according to God's laws. This book discusses the desire of the Puritans to be socially virtuous and their wish to force social virtue upon others.

"These essays are well documented with abundant sources...The material has been well assimilated and the result is entertaining and instructive."--American Sociological "About the Authorrgan /f Edmund /i Sears
