From University Of Chicago Press : The Revolution Remembered: Eyewitness Accounts of the War for Independence (Clements Library Bicentennial Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Revolution Remembered: Eyewitness Accounts of the War for Independence (Clements Library Bicentennial Studies):

1 of 1 people found the following review helpful. Yes, it really happened...they were there!By RevGingerI am dipping

into this book, reading the accounts written or dictated by different people who were actually there during the birth pangs of our country. I can see it is going to be a great resource for me, since my retirement career is writing, with a focus on Revolutionary War history and fiction. It's obvious that I am going to glean LOTS of material from this book and I am so glad to have found it! 0 of 0 people found the following review helpful. Revolutionary learning. By Marsha Davis I am very interested in the Revolutionary War since many of my family branches fought in the war. I think this book is a good example for learning what it was really like. These stories are by people who lived through it, not just stories Hollywood made up. I would recommend this to any history buff. 0 of 0 people found the following review helpful. Five Stars By rebelthread Great

A classic oral history of the American Revolution, *The Revolution Remembered* uses 79 first-hand accounts from veterans of the war to provide the reader with the feel of what it must have been like to fight and live through America's bloody battle for independence. "In a book fairly bursting with feats of daring, perhaps the most spectacular accomplishment of them all is this volume's transformation of its readers into the grandchildren of Revolutionary War soldiers. . . . An amazing gathering of 79 surrogate Yankee grandparents who tell us in their own words what they saw with their own eyes." Elaine F. Weiss, *Christian Science Monitor* "Fascinating. . . . [The soldiers'] details fill in significant shadows of history." Henry Kisor, *Chicago Sun-Times* "It's still good fun two centuries later, overhearing these experiences of the tumult of everyday life and seeing a front-lines view of one of the most unusual armies ever to fight, let alone win." Richard Martin, *Wall Street Journal* "One of the most important primary source discoveries from the era. A unique and fresh perspective." Paul G. Levine, *Los Angeles Times*
