before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Roanoke Voyages, 1584-1590, Vol. 2: Documents to Illustrate the English Voyages to North America Under the Patent Granted to Walter Raleigh in 1584*:

By Edward E. Stevens
The original publication by David Beers Quinn is regarded as one of the more scholarly works on the subject. It therefore is a pity that the present offering comprises only Volume 2. The page numbering starts on 497 and runs to 1004 and a great deal is clearly missing. The promised map "Raleigh's Virginia 1584-90 In pocket at end" is missing and there is no 'pocket at end'. I await the production of Volume 1 with great interest.

The *Roanoke Voyages I* and *II* are indispensable sources for anyone researching the Lost Colony. I had Volume I and am glad to have received a copy of Volume II. These two volumes contain almost all of English document relevant to Sir Walter Raleigh's voyages.

1991 Dover Publications. Clean, no names, marks or highlights. Pictorial wraps clean and bright, spine uncreased. Map attached at back. Price sticker on ffep, edge wear. Proceeds benefit Oro Valley Public Library.
