**Robert Louis Wilken : The Spirit of Early Christian Thought: Seeking the Face of God** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Spirit of Early Christian Thought: Seeking the Face of God:

0 of 0 people found the following review helpful. Five Stars By Adolph Menendez Very readable. Author is a gifted communicator of his wide and deep research. 3 of 3 people found the following review helpful. In depth beautifully written discussion of the underpinnings of Christian thinking and theology By BestGrandma We chose it for our

scripture study group. it was magnificent. The language is advanced-college level --we kept a dictionary handy. The themes, the writing, the interesting and inspiring discussion of the development of early christian thinking and theology were often new to us "old" Catholics and awe inspiring..Recommend for people especially Catholics who are interested in the development of Christian thought doctrine and theology. It doesn't have a study guide so we read and talked about especially meaningful passages.0 of 0 people found the following review helpful. Good introduction to the basics of "thinking Christianly"By ChrisExtremely informative and interesting, though I wish Wilken had chosen to focus on some other theologians and ideas. Good introduction to the basics of "thinking Christianly." Intellectual connection between the pagan philosophers and the Holy Fathers made clear.

In this eloquent introduction to early Christian thought, eminent religious historian Robert Louis Wilken examines the tradition that such figures as St. Augustine, Gregory of Nyssa, and others set in place. These early thinkers constructed a new intellectual and spiritual world, Wilken shows, and they can still be heard as living voices in the modern world.

"[A] magnificently learned, deeply felt and surprisingly pellucid set of essays. Anyone who approaches *The Spirit of Early Christian Thought* with a welcoming spirit and patient attention will learn from it. Certainly, an attentive reader of Wilken, whether believer or nonbeliever, will be touched anew by his survey of Christian intellectual life."Michael Dirda, *Washington Post Book World*
