Should be read and welcomed by the broad array of Christian faith groups. Non Christians may find this overview a welcome overview of the history of their Christian neighbors faith.1 of 1 people found the following review helpful. By Customer DBH is a brilliant writer!! He is a master!!

The story of Christianity is an immeasurably fascinating one. A faith that began in Roman occupied Palestine, as a small and fugitive faction within Judaism, grew, thrived and finally "conquered" the empire that had sought to exterminate it. Then, over many centuries and in many lands, it became the vital source from which new civilizations sprang. At times, its geographical range expanded mightily, at others contracted perilously. At times, the church proved heroically true to its deepest moral principles; at others, inexcusably traitorous to them.

A theologian of exceptional quality - but also a brilliant stylist
